

Indraprastha Institute of Management & Technology

Umahi Kota, Saharanpur (U.P.)

Institutional Development Plan (IDP)

Vision

To provide quality, affordable and skill-oriented higher education to students and develop competent professionals through excellence in teaching-learning, innovation, research, entrepreneurship and holistic development.

Mission

IIMT is committed to:

- * Providing quality education through modern teaching-learning methodologies.
- * Developing professional skills, leadership qualities and ethical values among students.
- * Promoting research, innovation, entrepreneurship and industry collaboration.
- * Providing equal opportunities for students from rural and semi-urban backgrounds.
- * Preparing students to face national and global challenges.

Core Values

Quality & Excellence:

Continuous improvement in teaching-learning practices and academic standards.

Inclusiveness:

Providing equal educational opportunities to students from diverse backgrounds.

Innovation & Research:

Encouraging creativity, research activities and innovative practices.

Integrity & Ethics:

Promoting discipline, transparency and professional ethics.

Leadership Development:

Developing confidence, teamwork and leadership qualities among students.

Social Responsibility:

Contributing towards society through outreach and community activities.

Sustainability:

Promoting environmental awareness and green campus practices.

Institutional Objectives

- To provide affordable and quality higher education.
- To enhance employability through skill development and career-oriented education.
- To promote research, innovation and entrepreneurship.
- To strengthen industry and institutional collaborations.
- To adopt ICT-based teaching and learning practices.
- To develop leadership and professional skills among students.
- To create a supportive and inclusive learning environment.

Institutional Distinctiveness

Indraprastha Institute of Management & Technology, Umahi Kota, Saharanpur is a self-financed multidisciplinary institution committed to providing quality higher education and professional development opportunities.

The institute focuses on academic excellence, skill enhancement, innovation, research activities, placement support and holistic development of students. Located in a rural region, IIMT aims to bridge the educational gap by providing accessible higher education and preparing students for career opportunities and social responsibilities.

The institute promotes technology-enabled learning, industry interaction, entrepreneurship activities, student welfare initiatives and community engagement for overall development.
